CREATION AND REVISION OF POLICY AND REGULATION

The Chairperson provided an overview of Policy 204 for review, as well as the timeline for stakeholder feedback as originally outlined in the Guideline. With some further revisions that were recommended, the Superintendent detailed the suggested revisions along with the new regulation.

The Superintendent outlined the rationale for updating the guideline initially in order to process policy revisions in a more streamlined manner. It was determined that the Notice of Motion to enter a policy into the stakeholder review process be removed and that the guideline steps were better suited in a regulation. As well, some information contained within the policy was moved to the new regulation. The Policy was revised, and any changes that were made, highlighted for the Public committee members.
